

Shower Glass Care and Warranty

Congratulations on your new Glass Shower Enclosure/ Shower Door!

IT IS VERY IMPORTANT THAT YOU DO NOT USE OR TOUCH YOUR SHOWER FOR 24 HOURS or UNTIL _____ TO ENSURE THE SILICONE CURES PROPERLY, THIS COULD VOID YOUR WARRANTY

C & S Shower Door strives to give your enclosure or door the longest life possible.

Care/ Maintenance of your Shower Enclosure:

- Clean the glass and enclosure hardware with a soft cloth or sponge with a mild, nonabrasive cleaner designed for glass.
- Avoid using scouring cleansers or rough scrubbing pads or sponges as this will scratch and mar the beautiful finish on the enclosure.
- To avoid water spotting, dry the glass, framing and hardware after each use with a soft clean cloth or towel.

As a courtesy we offer you a 1 year installation warranty. Call us with any Questions!

This covers typical repairs needed, resulting from regular use, in the first year.

i.e. Hinge/Door Adjustment, Poly Seals Repair

This warranty does not cover the following:

Glass Coating – There is a separate warranty for coatings, you should be provided with a copy at installation if purchased. If you do not have one, please contact our office to get one sent to you.

Repairs due to damage – If your shower enclosure or door is damaged due to something out of C&S Shower Door's control (i.e. tile or pan failure, glass or hardware scratching/scuffing from use, or any other accidental damage caused by customer use).. Repairs are available for a fee if outside warranty terms.

We thank you for your business and appreciate your referrals!
